

## Linksmen Shortcut for iPhone

If you have a iPhone or iPad and would like to create a shortcut app on your home screen follow the steps below:

Step 1: Tap the Safari app  and type in [www.linksmen.net](http://www.linksmen.net) and the following screen will appear.

Step 2: Tap the square blue box with the arrow pointing upward on the bottom of the screen and the following screen will appear.

Step 3: Tap the square box with the plus sign (+) above “Add to Home Screen” and the following screen will appear.

Step 4: If desired, change the name to Linksmen or leave it as it appears and tap **Add** in the upper right corner to place the shortcut on your home screen.
