

Golfsoftware.com App Setup

The Golfsoftware.com app can be downloaded from the App Store or Google Play. It can be setup on a phone or pad. During the setup you will need to tap the three bar menu in the upper right corner and key in ***linksmen.golfclub.net*** as the web address.

When opening the app you must ***Sign in*** as a ***Golfer*** using your email address or ***GSID*** (11958 and your 3 digit number) and password. The first screen will allow you to enter scores (Play Golf), view previous scores, check you handicap on selected courses, view other members scores, and view and change your settings.
